

Dustin and I joined GWRRA in the fall of 2010. Earlier that Spring, we ran into George and Kendra Price (longtime friends of ours) while they were camping at Hidden Paradise for Spring Wing. They kept telling us that we needed to go for a ride with all of them but it never worked out that weekend. Over the fourth of July holiday, we happened to all be staying at Shipshewana for the week. George and Kendra were camping with Niles & Deb Robinson. This time it worked out well for us to go ride with them. We really enjoyed the ride and how well they rode. George kept after us and we went to a few dinner rides and meeting and we were hooked.

We have felt very welcome and have enjoyed the motivation to set aside time to ride our 2008 Heritage Softail. All of our friend laugh about the Harley riders being in the GWRRA but we love it. In the fall of 2011, we joined the Indiana District Team as the Communications & Special Events Coordinators, which is just an fancy title for newsletter editor, Facebook page maintenance, and any other special projects they want to tag on :). Joining the District team has allowed up to meet so many new and amazing people within GWRRA so when Lloyd and Becky asked if we would be interested in doing the newsletter for Region D, we were excited to help out. Being on the two teams is sure to keep us hopping but we can't wait for all the fun adventures that are sure to come and all the pictures Killey is going to get to take.

Oh and on a more personal note, if you are curious, Dustin is a farrier and Killey handles the marketing for a local Credit Union. We are both born and raised in Tipton, Indiana (where we still reside). We have two puppies named Queen and Zella, who we think are pretty much perfect. In our spare time, we enjoy camping, antique tractor show, and truck & tractor pulls.
