

Thank You Indiana Chapter U

We have been privileged to have Indiana Chapter U "*Unique Wings*" from Angola, Indiana volunteer to be the Host Chapter for the 2010 Region D Rally/Convention in Coldwater, MI.

We visited with them on a couple of occasions and this last spring we asked if they would be willing to help us out. The Chapter said yes they would and they were excited to have the Region Rally so close to home. The Chapter Director Sharon Crager and the Indiana U Team have been working to set up the self guided rides for this year's event, plus they will be helping at the Fairgrounds in Coldwater.

The Chapter U Ride Coordinators Mike & Joyce Nelson and the Assistant Chapter Directors Scotty & Ella Cripe, Duane Ewell & Kathy Bontrager have set up two "Self Guided" rides for the participants to go on while at the Rally. One of the rides is approximately 60 miles long and goes east /south / west and back north into Coldwater. The other is a longer ride that is approximately 106 to 110 miles long and goes south / west / north and back east. Both are comfortable leisure rides throughout the country side and may go by a few lakes.

We were warned that those riding the long ride may need to be on the lookout for "Road Grenades" or as some say "Road Apples" but we think you get the idea. These folks have made sure there are restaurants and of course Ice cream stops available for those that may want to indulge. One of the rides even goes by an Outlet Mall; we wonder who had something to do with that?

We are sure the smiling Chapter U Educator, Joe Scardino would like to remind everyone to have fun, pay attention, ride smart and ride safe.

The entire GWRRA Region D Team would like to thank Sharon, the "*Unique Wings*" Team and everyone from Indiana Chapter U for their great attitudes and assistance.
